WARNING re VEHICLE INSURANCE

The **Gawler & District 4WD Club Inc** operates under a registered constitution and a set of Club By-Laws. It is a requirement of the By-Laws that on application for membership or on renewal of membership the vehicle or vehicles declared on the membership form is or are covered by third party property or comprehensive vehicle insurance. It is also a requirement of the By-Laws that the member must ensure that a vehicle used by the member while attending or participating in any Club event or activity, including a meeting, function or trip for the purposes of four wheel driving, learning to four wheel drive, undergoing four wheel drive training, riding in a vehicle being used for or in connection with four wheel drive training, touring, camping or attending a social event, must be covered by third party property or comprehensive vehicle insurance and show proof of such insurance if requested by a Club officer or Trip Leader.

Insurance policies vary from Insurance company to company. It is essential that any member or visitor attending or participating in any Club event or activity has read their vehicle insurance policy, has clarified its meaning with their Insurance Company if necessary, and understands the cover offered by that policy and in particular the cover offered when attending or participating in any Club event or activity, whether that event or activity requires the vehicle to be driven off public roads or not. Any person, whether a member of the Club or a visitor to the Club, participating in any activity or event carried on by the **Gawler & District 4WD Club Inc** does so entirely at their own risk and is responsible for their own insurance to cover damage to their own vehicle and damage to third party vehicles and property. The **Gawler & District 4WD Club Inc**, its office bearers, committee-persons, members and servants or agents are not responsible for providing insurance cover or otherwise indemnifying Club members or visitors against damage or theft of their vehicles, or damage to other vehicles or property. It is necessary for a member or a visitor to hold a current applicable driving license as driving without a license or while a license is suspended voids vehicle insurance cover.

Cross out the statement which is not applicable:

1. I have read my insurance policy and understand the cover offered by the insurance policy, and I have read or have had read to me the above vehicle insurance warning, and, having understood same, consent to its requirements.
2. I have not read and understood my policy and I take full responsibility for the risk that this incurs, and I have read or have had read to me the above vehicle insurance warning, and, having understood same, consent to its requirements.
